Message

to the

Students

Students of St. Anne's High,

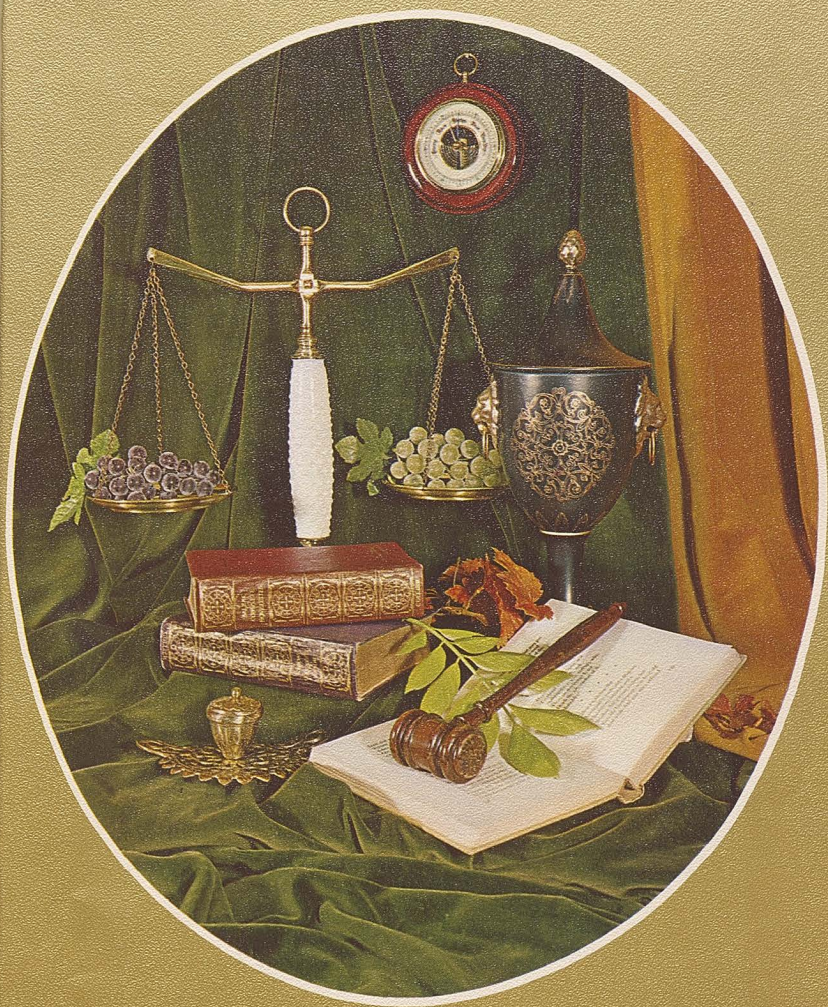

As you leaf through the pages of this yearbook, no doubt you will be leafing through a history of persons, and events that will mean something very special to each of you. Each in his own unique way has grown as a person through this year's experiences. Appreciate them and thank God for them.

This yearbook means something special to each of you, yet something quite different. The pages of your yearbook have captured the features of people with whom you've associated in the past year. They will bring to your mind the friendships you've cultivated with your fellow students, the struggle and effort involved in grasping the subject matter presented by your teachers, who are responsible for giving a sense of direction to your studies. Yes, this book will capture for you in a personal way, not only the moments of joy and laughter, but your disappointments, struggles and frustrations of the past year. All these were experiences—experiences that will mean something just a little different for each of you. My prayer is that they will be a springboard to greater growth as a Christian.

You are students. Be proud of that fact. Your youthful energy, your hopes, your ambitions, are the envy of those ahead of you. Opportunity lies before you. The challenge of that opportunity should inspire you to develop your talents through your school, St. Anne's High, your homes, your community, so that you may continue to be of service to mankind in whatever world God Our Father, in His Loving Providence places you to accomplish the work of His Son.

Leaf through this yearbook— it has a message for you.

In Christ our Brother,
Rev. R. Giroux.

Administration

Dear Students,

I think that people, including students, would be much happier, much more contented, if they would try to accept others as readily as they accept themselves, try to realize that others are really attempting to do their best. People may be so distracted that they appear to be thoughtless, so upset over a problem that they seem to be unconcerned with other people, but the average well person does not go 'out of his way' to be annoying and mean.

Try recognizing, for example, that your teachers are sincerely interested in your good, are not trying to make you miserable or to get even' with you, but give assignments and expect outside work so that you will learn adult independence; that your parents are expressing their love and concern for you when they insist on your being home by a certain time, or on knowing where you are going and who your companions are; that your fellow students or fellow workers appreciate your greeting and your interest in them.

Try to get into the habit of meeting everyone as a potential friend, even more - as one of His brethren...

In Christ, our Brother,

A. Patricia G...

Principals' Messages

Dear Students,

"...for it is in dying that we are born to eternal life."

In his prayer the great St. Francis stresses the importance of selflessness- doing good for the sake of another. It is my belief that the whole purpose of Catholic Education is based on this virtue. Many sacrifices have been made to provide a Catholic High School System in Tecumseh. I hope that you are successful in your academic and future pursuits but, even more I pray that you in the words of St. Francis, will be instruments of the Lord's peace.

In His Name

Arthur King

Editorial

Dear Fellow Students,

The main project at St. Anne's this year, has been the attempt to unite the senior and junior grades of the high school. Much work still must be done to completely eliminate the barrier which has separated the 11's, 12's and 13's from the 9's and 10's. In my opinion, there is no better way to achieve a real spirit of oneness than for students of all grades- 9 to 13- to work together and have fun together as members of a club or committee. There is plenty of opportunity for this at St. Anne's, with the French Club, Newspaper staff, Yearbook staff, social committee and several different sports teams.

We all know that the success of any undertaking depends on the co-operation of many individuals, so let's not allow ourselves to acquire the habit of letting the same few do all the work. We all have the obligation to use and develop our talents, and while we are in school we should apply them to making the school a better place for everyone. If, once in a while, we help plan a dance or print the newspaper, our years at school will have given us, not only an academic education, but vital experience in working with others.

We on the yearbook staff hope you enjoy this annual, and that, in future years, it will recall for you many pleasant memories of your days at St. Anne's. Finally, we wish to thank Mother Patricia Anne- our advisor and photographer - for her help. Also our advertizers, those who solicited advertizing, and everyone else who helped in the production of this book.

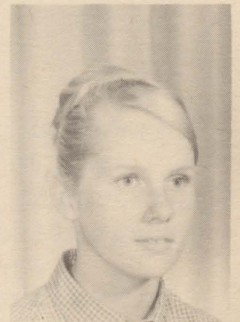

Sincerely,

Anne Hayes

President's Message

Dear Fellow Students,

It is my opinion that any school is evaluated according to the students in it. As a result it is essential that each student personify what is right and just in order that the school as a whole may reflect these virtues.

For these reasons, therefore, I ask every student at St. Anne's high to adopt this policy, and allow the ideals of love and respect to be obvious at all times. See to it that these ideals are the standard characteristics for every student to adopt and carry through his high school years. Thus we will see how automatically outsiders will associate the name of St. Anne's with love of school, love of neighbour, and most important with love of God.

Most Sincerely,

Barb rumble

St. Anne's Sr. B Football Champs

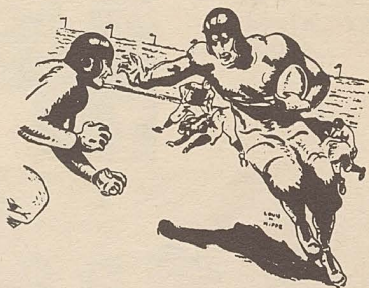

St. Anne's High School senior boys have become the E.C.S.S.A. Sr. "B" football champions by defeating Kingsville District High School 21-6 in a two-game total point series.

Under coach John Staley's careful and experienced supervision, the powerhouse St. Anne crew trimmed Kingsville 7-6 at Kingsville in the first game. On a rain soaked field, Wilfred (Goo Goo) Beausoleil scampered 12 yards around right end in the second quarter to give St. Anne's a 6-0 lead. The extra point attempt was missed. In the 3rd quarter the steady St. Anne defence wavered a little and Kingsville struck back with an unconverted touchdown. From then on both teams tightened up and it looked like it would be a tie ball game. But with five seconds left in the game, end Vic Hebert punted the ball 45 yards into the end zone where Wilfred Beausoleil made the tackle to give us a single and a 7-6 win.

The following Thursday at St. Anne's a great defence combined with a quick-hitting offence to provide Mr. Staley's gang with a 14-0 win. Particular mention goes to Mike Girard, a guard on the St. Anne line, who raced 80 yards to haul down a Kingsville ball carrier on his way to a sure touchdown. This play and a great goal line stand were the peak defensive plays. On offence it looked like "Mike Rock Day" as Mike ran the ball for well over 100 yards on 4 carries. His longest gain was a 60 yard touchdown run in the third quarter after a good fake by quarterback Gary Kime and fullback Don Girard. This touchdown was converted with Wilfred Beausoleil and Gary Kime kicking. In the fourth quarter, halfback Jim Desjardins, a key man on offence and defence bulled his way six yards to score an unconverted touchdown. Our scoring was rounded out with Vic Hebert punting a 35 yard single, making the score 14-0 and giving St. Anne's a football championship at last.

On our way to the championship

*Thanksgiving prayers
after the victory*
